

Peer-to-peer cooperation in Social Protection, Labour & Employment

FACTSHEET

May 2023

SOCIEUX+ FACILITY

SOCIEUX+ EU Expertise on Social Protection, Labour and Employment is a technical cooperation facility set up to improve the capacities of partner countries to design and manage inclusive, effective, and sustainable labour and employment policies and social protection systems.

Based on capacity development through peer-to-peer technical cooperation and exchanges, SOCIEUX+ provides access to European experts drawn primarily from the public administrations of EU Member States, offering expertise tailored to the demands and needs of EU Partner Countries.

In addition to in-person exchanges, SOCIEUX+ includes an e-learning platform for online capacity development of partner institutions. SOCIEUX+ is results-oriented and demand-driven, responding to the requests of public institutions and social partners in 160 EU Partner Countries and territories.

	On demand peer-to-peer (P2P) technical cooperation	
	Areas of Expertise: · Social Protection · Labour & Employment	
	Global · More than 160 countries and territories	(See full list here)

SOCIEUX+ mobilises European public expertise for short-term cooperation activities on demand

SOCIEUX+ is a technical cooperation facility set up and co-funded by the European Union (EU) through the European Commission's Directorate-General for International Partnerships (INTPA), the Directorate-General for Neighbourhood and Enlargement Negotiations (DG NEAR) and the governments of France, Belgium and Spain.

The Facility is implemented by a partnership composed by Expertise France (the partnership lead), the Belgian International Cooperation on Social Protection (Belincosoc), the Belgian Development Agency (Enabel) and the International and Ibero-American Foundation for Administration and Public Policies (FIIAPP).
